DETAILED ACTION

Allowable Subject Matter

1. Claims 5, 7 and 11-13 are allowed.
2. The following is an examiner's statement of reasons for allowance: the closest references and the other cited prior art, do not teach or fairly suggest:

"a component data creating means for creating a variable data table by automatically replacing the determined corresponding input/output types stored in the search result table with variable names, and for creating component data by adding the corresponding variable names to variables and to circuit information;... a sequence-program-component diversion means for diverting the selected sequence program component into a new sequence program" as described in claim 5,

"a component data creating step of creating a variable data table by automatically replacing the determined corresponding input/output types stored in the search result table with variable names, and of creating component data by adding the corresponding variable names to variables and to circuit information;... a sequence-program-component diversion step of diverting into a new sequence program the desired sequence

program component that has been selected" as described in claim 7, and

"a component data creating module that creates a variable data table by automatically replacing the determined corresponding input/output types stored in the search result table with variable names, and creates component data by adding the corresponding variable names to variables and to circuit information;... a sequence-program-component diversion module for diverting the selected sequence program component into a new sequence program" as described in claim 13.

Further the combination of the above limitations with all of the other limitations in the respective independent claims is not obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
